UNIVERSITY PARTNERS

UNIVERSITY OF SUNDERLAND, UNITED KINGDOM

The life changing University of Sunderland has 20,000 students based in campuses on the North East coast, in London and Hong Kong and at its global partnerships with learning institutions in 15 countries. We are proud of our long-established commitment to widening participation, our world-leading research, public and private sector collaborations and our track-record for providing quality student experiences that result in graduates who are the tomorrow-makers of our societies and economies.

In March 2018, we were successful in our bid to open a new School of Medicine. With a track-record of excellence in medical education spanning almost 100 years, the University is now well-placed to address the chronic shortage of doctors in the North East.

We were also delighted to be ranked 16th (out of 131 universities) in the 'University of the Year' category of the Whatuni Student Choice Awards 2019, the only national awards voted for by students. Our commitment to Equality, Diversity and Inclusion was reinforced recently when we were named University of the Year for Social Inclusion (The Times and Sunday Times Good University Guide 2021) and our We Care programme picked up the Widening Access Initiative (Retention and Progression) Award at the 2020 NEON awards.

TEESSIDE UNIVERSITY, UNITED KINGDOM

Teesside University is a dynamic and modern institution, based in the north east of England, generating and applying knowledge that contributes to the economic, social and cultural success of students, partners and the communities we serve. We are an ambitious and enterprising university for a focused and pragmatic global new generation. We provide real opportunities and support to realise potential on a campus fit for the future and around the world. From developing an innovative and informed curriculum, tailored to industry, to addressing societal challenges on a global scale through inter-disciplinary research, the University's work is always relevant and purpose driven. Through education enriched by research, innovation, and engagement with business and the professions, we transform lives and economies.

BACHELOR OF ARTS (HONS) FASHION

PROGRAMME OBJECTIVES

The programme aims to establish an understanding of the creative process of fashion communication through visual development and visual storytelling exploring creative problem solving for fashion image and text within the fashion industry. The programme prepares students for a career in the highly competitive sector of the fashion industry by ensuring that graduates have the necessary combination of creative, technical, intellectual and communication skills. As creative visual communicators and visual marketers students will explore and exploit cutting edge practices in the visualisation and promotion of fashion. Students, through the independent and negotiated strategy of the learning on the programme, have the opportunity to create a tailored learning experience specific to their aspiration and evaluated needs specialising in a particular specialist field of creative fashion communication such as fashion film, fashion photography, fashion journalism, fashion illustration or styling.

ADVANCED DIPLOMA IN FASHION JEWELLERY AND PROMOTION

PROGRAMME OBJECTIVES

The Advanced Diploma in Fashion Jewellery and Promotion delves deeper into the field of Jewellery Design, fostering confidence in scaling, material exploration, addressing design complexities and refining aesthetic sensibilities.

The programme encourages students to grasp investigative, analytical and problem-solving design skills through a project-based approach, empowering them to develop their abilities in crafting commercially viable and ecologically friendly jewellery.

The programme objectives are:

- Learn how to identify design inspiration derived from research and analysis; describe various design inspirations, conceptual ideas and practical solutions relating to contemporary jewellery design
- Gain a comprehensive understanding on how customers perceive jewellery business and their expectations
- Be familiar with advanced software functions and commands which can be used to create artistic visuals and animated designs
- Acquire the ability to utilise and mount various materials in unique settings; source components, materials and suppliers
- Take to a more independent and self-directed learning approach to their studies, fostering autonomy and critical thinking skills
- Exploration of the origins of Product, Jewellery, Glass, Furniture and Architectural design through the study of classical and contemporary designers
- Gain competency in conceptualising and developing creative executions to increase brand awareness and impel consumer intent and purchase intent

INTERNATIONAL FOUNDATION DIPLOMA IN SCIENCE, TECHNOLOGY, ENGINEERING, MATHEMATICS AND ART

PROGRAMME OBJECTIVES

International Foundation Diploma (IFD) in Science, Technology, Engineering, Mathematics and Art aims to prepare students for transition into degree-level study, by equipping them with the fundamental skills and knowledge needed to be successful in the International Foundation Diploma's subjects. This programme creates an alternative progression route into globally recognised External Degree Programmes (EDPs) across MDIS, allowing entry to students who do not hold the qualifications to satisfy the usual entry requirements.

On successful completion of the course, the students will be able to:

- Understand the strategies and techniques to support continued undergraduate study [Knowledge]
- Demonstrate knowledge and understanding of concepts and applications in subject areas relevant to their intended progression route [Intellectual Skills]
- Apply subject specific knowledge and theory to tackle simulated problems and case studies in areas of relevance to their chosen degree programme [Intellectual Skills]
- Search, disseminate and acknowledge a variety of sources of information [Practical Skills]
- Carry out practical work accurately, precisely and in accordance with health and safety procedures [Practical Skills]
- Communicate effectively in oral and writing for different audiences [Generic Skills]

MDIS
Management Development
Institute of Singapore

Founded in 1956, the Management Development Institute of Singapore (MDIS) is one of Singapore's oldest not-for-profit professional institutes for lifelong learning. MDIS has two main subsidiaries: Management Development Institute of Singapore Pte Ltd which oversees its Singapore academic operations, and MDIS International Pte Ltd which focuses on MDIS' globalisation strategy.

MDIS offers internationally-accredited courses in Business and Management, Engineering, Fashion and Design, Health and Nursing, Information Technology, Languages and Education, Life Sciences, Media and Communications, Psychology, Tourism and Hospitality Management and Safety and Environmental Management. These programmes are offered in collaboration with renowned universities in the United Kingdom and the United States of America. MDIS also has set a proven track record of preparing students to excel in the Singapore-Cambridge General Certificate of Education (Ordinary and Advanced Level), Cambridge International General Certificate of Secondary Education (IGCSE) and Cambridge International Lower Secondary, through its comprehensive preparatory courses.

MDIS is EduTrust certified, attesting to its exemplary education and business excellence standards. The institute was first awarded the certification in 2010 – subsequently renewed it for four years in 2014, 2018 and 2023. MDIS was also one of the first Private Education Institutions (PEIs) to be registered under the Enhanced Registration Framework.

Equally vested in corporate-level training, MDIS' corporate training arm, the Management Development and Consultancy, was set up in 1995 to cater to the training needs of the workforce. In 2014, MDIS acquired the Service Quality Centre to diversify its offerings in training solutions – in its endeavour to be a premium provider of training solutions in the region.

Apart from the main Singapore campus, MDIS has international campuses in Tashkent, Uzbekistan, Johor, Malaysia, as well as Dushanbe, Tajikistan. MDIS also has representative offices in India, and Indonesia, as well as agents throughout Southeast Asia.

MDIS STUDENT'S EXPERIENCE

Li Ying Han (Ollie)

MDIS Alumni
Class of 2023

Higher Diploma in Fashion
Design and Marketing

MDIS not only gave me the opportunity to learn Fashion Design from the basics, but also the most important thing, which is the creative process. My lecturers gave me the insights and encouragement to grow. I am now accepted into a University in Los Angeles and studying costume design for films.
