UNIVERSITY PARTNERS

TEESSIDE UNIVERSITY, UNITED KINGDOM

Teesside University is a dynamic and modern institution, based in the north east of England, generating and applying knowledge that contributes to the economic, social and cultural success of students, partners and the communities we serve. We are an ambitious and enterprising university for a focused and pragmatic global new generation. We provide real opportunities and support to realise potential on a campus fit for the future and around the world. From developing an innovative and informed curriculum, tailored to industry, to addressing societal challenges on a global scale through inter-disciplinary research, the University's work is always relevant and purpose driven. Through education enriched by research, innovation and engagement with business and the professions, we transform lives and economies.

UNIVERSITY OF SUNDERLAND, UNITED KINGDOM

The University of Sunderland is an innovative, forward-thinking university with high standards of teaching, research and support that sits at the heart of one of the UK's most up-and-coming cities. We have strong industry links and work closely with some of the world's leading companies.

Our Faculty of Business and Tourism is recognised worldwide; with students from over 70 countries and a presence on four continents, we are playing a major role in preparing tomorrow's leaders for long and successful careers.

Our programmes are highly regarded in terms of student experience, teaching standards and relevance to the real world.

We believe that employability is at the heart of the university experience and this is underpinned by the drive to develop six key attributes in our graduates: capability, an enquiring mind, creativity, enterprise as well as an ethical and global in outlook.

Whatever your future ambitions, make a life-changing decision by choosing to study at the University of Sunderland.

PURSUE YOUR MEDIA AND COMMUNICATIONS COURSE WITH MDIS

MDIS offers an interactive learning environment focused on media, communication and digital innovation. Our partnerships with world-renowned UK institutions such as Teesside University and the University of Sunderland allow for a globally approved mass communication degree, emphasising academic excellence and practical skills. Our mass communication courses in Singapore integrate theoretical know-how with hands-on experiences, preparing students for an understanding and influence over media's societal role. Our programmes, taught by industry professionals, foster critical thinking, creativity and technical proficiency. Earning a Diploma in Mass Communication or even a Bachelor's Degree in Mass Communication from MDIS shapes you for careers in digital content creation, media strategy, journalism and communication management.

MEDIA, CULTURE AND COMMUNICATION

PROGRAMME OBJECTIVES

• Broadcast media production equips you with skills for TV, audio, radio, film and interactive media. The programme gives students the opportunity to develop skills within a variety of disciplines and access to many different career opportunities.

The overall aims of the programme are to:

- Produce distinctive employment-ready graduates who are producers of creative and informed work that is relevant to contemporary multi-platform broadcast media industries
- Produce adaptive, imaginative and critically-aware graduates who have a broad contextual understanding and high-level technical knowledge of the multiple disciplines within the broadcast media industries
- Produce graduates who have an informed understanding of the economic context of media production and who can apply appropriate entrepreneurial abilities when dealing with clients, audiences and markets
- Produce graduates who have a critical understanding of the ever-changing nature of the broadcast media industries
- Produce graduates who are able to work effectively both in teams and independently
- Produce graduates who have a range of scholarly and practice-based research skills who can apply these to find solutions to real-world problems
- Produce graduates who are confident in working in a multi-disciplinary environment
- Produce graduates who understand the complex national and international contexts in which media is produced
- Produce graduates with identified areas of professional strength whilst possessing a multiple skillset

INTERNATIONAL FOUNDATION DIPLOMA IN SCIENCE, TECHNOLOGY, ENGINEERING, MATHEMATICS AND ART

PROGRAMME OBJECTIVES

International Foundation Diploma (IFD) in Science, Technology, Engineering, Mathematics and Art aims to prepare students for transition into degree-level study, by equipping them with the fundamental skills and knowledge needed to be successful in the International Foundation Diploma's subjects. This programme creates an alternative progression route into globally recognised External Degree Programmes (EDPs) across MDIS, allowing entry to students who do not hold the qualifications to satisfy the usual entry requirements.

On successful completion of the course, the students will be able to:

- Understand the strategies and techniques to support continued undergraduate study [Knowledge]
- Demonstrate knowledge and understanding of concepts and applications in subject areas relevant to their intended progression route [Intellectual Skills]
- Apply subject specific knowledge and theory to tackle simulated problems and case studies in areas of relevance to their chosen degree programme [Intellectual Skills]
- Search, disseminate and acknowledge a variety of sources of information [Practical Skills]
- Carry out practical work accurately, precisely and in accordance with health and safety procedures [Practical Skills]
- Communicate effectively in oral and writing for different audiences [Generic Skills]

MDIS
Management Development
Institute of Singapore

Founded in 1956, the Management Development Institute of Singapore (MDIS) is one of Singapore's oldest not-for-profit professional institutes for lifelong learning. MDIS has two main subsidiaries: Management Development Institute of Singapore Pte Ltd which oversees its Singapore academic operations and MDIS International Pte Ltd which focuses on MDIS' globalisation strategy.

MDIS offers internationally-accredited courses in Business and Management, Engineering, Fashion and Design, Health and Nursing, Information Technology, Languages and Education, Life Sciences, Media and Communications, Psychology, Tourism and Hospitality Management and Safety and Environmental Management. These programmes are offered in collaboration with renowned universities in the United Kingdom and the United States of America. MDIS also has set a proven track record of preparing students to excel in the Singapore-Cambridge General Certificate of Education (Ordinary and Advanced Level), Cambridge International General Certificate of Secondary Education (IGCSE) and Cambridge International Lower Secondary, through its comprehensive preparatory courses.

MDIS is EduTrust certified, attesting to its exemplary education and business excellence standards. The institute was first awarded the certification in 2010 – subsequently renewed it for four years in 2014, 2018 and 2023. MDIS was also one of the first Private Education Institutions (PEIs) to be registered under the Enhanced Registration Framework.

Equally vested in corporate-level training, MDIS' corporate training arm, the Management Development and Consultancy, was set up in 1995 to cater to the training needs of the workforce. In 2014, MDIS acquired the Service Quality Centre to diversify its offerings in training solutions – in its endeavour to be a premium provider of training solutions in the region.

Apart from the main Singapore campus, MDIS has international campuses in Tashkent, Uzbekistan, Johor, Malaysia, as well as Dushanbe, Tajikistan. MDIS also has representative offices in India and Indonesia, as well as agents throughout Southeast Asia.

MDIS STUDENT'S EXPERIENCE

Levin S/O Salvarajan

MDIS Student
Class of 2024

I had the opportunity to work with both local and international celebrities while studying at MDIS.

The modules enabled me to go out into the industry and work on set which helped me get more insights on how the production pipeline works.
